PENETRATOR* 2+2 FALL PROTECTION DEVICE

Penetrator 2+2 mobile fall protection system offers both unparalleled portability and compact design. Ships job site ready on a standard pallet. The Penetrator 2+2 provides fall protection for 2 fall arrest and 2 fall restraint or a total of 4 workers. When a fall occurs, the powerful penetrating spikes engage, piercing through roof membrane, insulation as well as metal decking, thus creating a safe, secure fall arrest anchor. For use on most substrates, EXCLUDING concrete, the Penetrator has been tested for use on Built-Up, TPO, ISO, PVC, EPDM, and other standard materials that are part of a finished roof system. The Penetrator 2+2 is reusable, gross weight of Penetrator 2+2 with ballasts is 420 lbs.

The Penetrator is compliant with OSHA Fall Protection Regulation 1926.502. New OSHA Rule in affect: Walking Working Surfaces, #1910.28, please comply with this as well as all Local, State and Federal OSHA rules.

DESIGN FEATURES

- Large Welding in Hoisting Rings
- Single Axle With A Wider Wheel Base
- Side by Side Fall Arrest Connection Points
- Large Printed Safety Instructions on Lifting Side
- 45 Degree Safe Working Zone Indicator Guide.
