

ALCOHOL FREE FOAM MOISTURIZING SANITIZER

Tie Down "Alcohol-Free" Moisturizing Foam Sanitizer uses Benzalkonium Chloride (BZK) to kill 99.99% of Germs and Bacteria. The FDA states BZK is alternative to Alcohol Sanitizers. This makes it the only alternative to alcohol hand sanitizers that strips the skin of natural moisturizers. Re-moisturizes using Sunflower & Shea butter, 14 Botanicals and Succulents along with Vitamins A, D, & E. Fragrance and Paraben Free. Available in 20 Oz. Bottles and 1 Gallon Size Bottles
